1999 Analytical Review DWCCA-1740-ELE

Dear Mr. Hoff:

The Public Service Commission has completed their analytical review of your 1999 annual report. The primary purpose of our analytical review is to detect possible accounting related errors and to identify significant fluctuations from prior year's data, which are not sufficiently explained in the footnotes of your annual report. We have no questions, only the following comments.

1. In the future, please indicate the name of the utility commission/committee in the space indicated on page iv, Identification and Ownership schedule. If it is the city council or council subcommittee, please so indicate.
2. During our review, we noted that it appears that some of the 6-inch and 8-inch meters reported on the Meters schedule are not being tested annually as is required by the Wisconsin Administrative Code. Please make every effort to test all your 6-inch and 8-inch meters annually.

You may consider your review closed. Thank you for your efforts in preparing your 1999 annual report. If you have any questions, please feel free to contact me at (608) 266-3768.

Sincerely,

Elaine Engelke
Financial Specialist
